Tapesh Sanat Manufacturer Of Auto Parts

TAPESH SANAT

Automobile Parts Manufacturer Tapesan Sanat company was established under registration number 48957 in 1979 in order to operate in the field of automobile parts production.

This industrial production company first started its work with the production of fuse box inside the engine and due to high quality production and reasonable pricing, it was able to gain a significant sales market.

In 2016, Tapesan Sanat began to produce 206 oil vapor hose (pa hose) in a specialized and knowledge-based manner using advanced technology, and in this field, it was able to bring the quality of this product to the optimum level.

At the same time as the production of the oil vapor hose, the production of the Double horn fuse in different amperes was started, and with pride for the first time, We were able to acquire technical knowledge the Double horn fuse with the middle connection.

In 2021, with the strength and pride, the production project of the fuel supply set including, fuel return hoses and gasoline connection sockets, was started, and by the grace of God, in 2022, all fuel supply products were ready to be offered to the auto parts market.

Tapesan Sanat's personnel always tried with great effort and perseverance to take a different step in the field of production with the development of our capabilities to keep pace with the global growth and development convoy.

**Thanks
Masud Shakeri**
